

Nakamichi®

N10

User Manual

The image shows the Nakamichi N10 Class-D Mono Block Power Amplifier. It is a black, rectangular unit with a transparent front panel that reveals the internal red circuit board. The board is populated with various electronic components, including two large black electrolytic capacitors, several smaller capacitors, and integrated circuits. A central silver-colored plate features the Nakamichi logo. The unit is shown from a top-down perspective.
